VIDEO – Anti-2nd Amendment Protesters Spray Graffiti on Carl DeMaio’s Driveway

On Sunday, November 13 Carl DeMaio opened up his house in Rancho Bernardo for an event to promote the protection of the 2nd Amendment with the San Diego County Gun Owners Association.

DeMaio has long been a supporter of the 2nd Amendment self-defense rights for law-abiding citizens and organized the event to help fund gun safety education programs offered by SDCGO.

During the event, three extreme protesters were caught on DeMaio's home security video system spraying offensive messages on public property and then trespassed onto DeMaio's private property to spray his driveway. The messages in the street and on the driveway read "F--- the NRA" and "Take Away all Guns."

In addition the extremists put stickers on cars parked along the street of the event that read "F--- your guns" and directed people to a far-left website that promotes anarchy and advocates for violence against businesses that sell firearms.

DeMaio was unfazed by the retaliation.

"Only extremists would oppose a fundraiser to support gun safety education programs and resort to breaking the law and defacing public and private property to spread hate," said DeMaio.

"The 2nd Amendment is ultimately about each individual's right to self-defense and it is so important that we protect our freedoms," DeMaio concluded.

The matter has been referred to law enforcement for an investigation. If you recognize the car or individuals in the video, please contact info@CarlDeMaio or call 619-786-8019.
